## LETTER FROM NIGEL

Greetings Barrett Lovers,

First of all I would like to thank the many people who have written to me wishing me luck in my new adventure.

I hope I can continue to do for the Society what John so successfully did. I'm sure everyone wishes John the best of luck with his new adventures (Terrapin etc.)

As it has been stated in past editions of the magazine, the Society has come on so well, it's just unbelievable. I'm sure that a lot of other Appreciation Societies cannot boast of the amount of members we have, in such a short period of time.

Finally I would like to thank Kate Hardy for putting myself and Lawrence up on the Friday night after the Floyd concert at The Earls Court.

Peace to all and everyone

NIGEL

Everything's true — if you want to believe it!

No-one will walk on you — unless you lie on the floor!

If you desire a copy of this masterpiece, then send a blank P.O. (or make it out to Ron) to John Steele, 'Album Offer', 89 Stanton Road, Meir, Stoke-on-Trent, Staffs, but please allow a couple of weeks for delivery

This is a private concern of Ron's, a sort of cottage industry, so deserves your support.

Two many of you out there dig Ron Geesin? He has just got together 16 tracks of diverse excitement on a new album:

"RON GEESIN — AS HE STANDS"

Only £1.00 (inc. p. & p.) 7 dollars USA/Canada

The part of Lawrence was played by King Kong, the part of Nigel by Wicked Witch of the West and the part of John by Diana Dors. Ted Heath played with himself and the rest of the cast was played by Mama Cass Elliot.

As a last note I would like to take this opportunity of thanking Mr. David Bowie for his interest in the Society, but more about that in the next issue. Many good wishes again David and congratulations on your very successful tour.

Bye for the now.

LAWRENCE.

Obviously the magazine and Society will take a while to get properly established due to John's departure but slowly we are "getting it together" (hip) but I had to say it: so if anyone has any big or wise ideas then don't be selfish with them and pass them to either Nigel or myself. Anything e.g. old Syd articles, self-written articles or any junk you can think of. So any suggestions put forward will be gratefully received.

The backbone of the Terrapin is now three strong: my good friend and yours Nigel John; the devil demon from Bolton alias Paul Cox (look him up in the dictionary) and myself. Many good wishes to Kev for the incredible Bananamour, and the beautiful photo of Syd which was in the accompanying booklet.

Dear followers of the "Barrett".

## LETTER FROM LAWRENCE

As this will be the last magazine in which John has anything to do with, let me take this opportunity of wishing him the best of luck in his solo ventures and whatever else he decides to do. So thanx to Crazy John on behalf of myself and the dedicated people of the society, who have got to know him, or at least tried to, over the past nine months.

# This is your Captain Speaking!

by John Steele

As this is the last issue in which I have any say in actual content, I thought I'd go out in a blaze of glory! I've widened the horizons of the contents this month as a parting gesture. I hope you find the ads. useful. On the other page is a copy of the letter I recieved from my good friend Kevin Ayers along with two copies of 'Bananamour', for which I thank Kevin most sincerely. Anyone who doesn't buy a copy of the album (and the single, out now, "Caribbean Moon") deserves immediate expulsion from the Universe.
